About CNX Resources
CNX Resources Corporation (NYSE: CNX) is one of the largest independent natural gas exploration, development and production companies, with operations centered in the major shale formations of the Appalachian basin. CNX deploys an organic growth strategy focused on responsibly developing its resource base. As of December 31, 2018, CNX had 7.9 trillion cubic feet equivalent of proved natural gas reserves. CNX is a member of the Standard & Poor's Midcap 400 Index. Additional information may be found at www.cnx.com.

About CNX Midstream Partners
CNX Midstream Partners LP (NYSE: CNXM) is a master limited partnership that owns, operates, develops and acquires gathering and other midstream energy assets to service natural gas production in the Appalachian Basin in Pennsylvania and West Virginia. CNXM's assets include natural gas gathering pipelines and compression and dehydration facilities, as well as condensate gathering, collection, separation and stabilization facilities. More information is available on CNXM's website www.cnxmidstream.com.
